ENDING CAPS

PVC end caps are available for all shapes and colours of the Espumo skirting boards.

ESPUMO SKIRTING BOARD. DIFFERENT THAN OTHERS

– LIGHT-WEIGHT AND STRONG

The Espumo skirting board is manufactured in the Kerracore technology. It has a light-weight foamed inner layer and a hard outer layer, which ensures impact and moisture resistance. It can be used as finishing for ceramic tiles.

– DETAIL THAT MATTERS

The Espumo collection includes modern skirting boards that will give character to each kind of interior. White skirting boards will blend in perfectly with white walls, while grey and black ones will suit more bold arrangements. The 12 cm high skirting boards are a novelty in the offer.
